

## BLUEBELL BRACELET

### SUPPLIES:

- 11/0 seed beads (SB11)
- 8/0 seed beads (SB8)
- DiamonDuo beads (DD)
- SuperDuo beads (SD)
- O beads (O)
- Nymo D thread or FireLine (about 3 1/2 yards)
- Jump rings
- Clasp

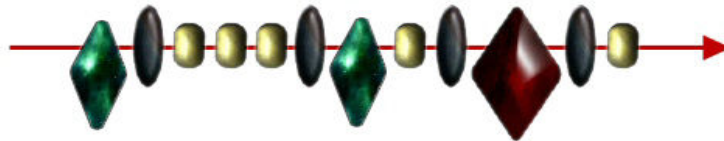

**TIP:** Whenever you pick up a DiamonDuo bead (DD), hold the bead face up horizontally and go up through the left hole. This will insure that all of your beads end up facing the right direction.

**NOTE:** Use tight tension when making this pattern. You will be reminded of this throughout the tutorial.

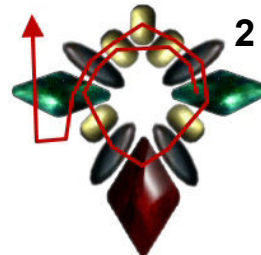

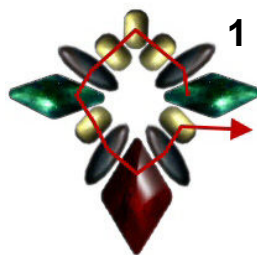

### STARTING THE FIRST SIDE OF THE BRACELET

Pick up SD + O + three SB11 + O + SD + SB11 + O + DD + O + SB11.

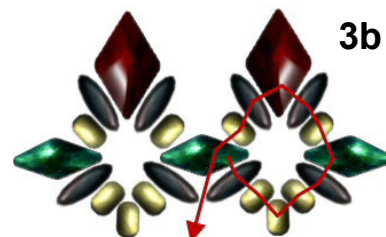

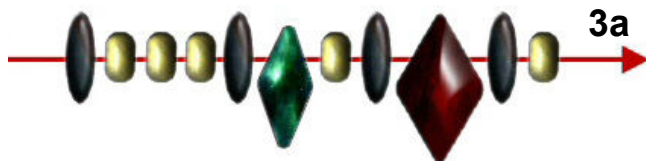

1. Go through all of the beads again to make a circle, leaving a tail long enough to weave in later. Tie a knot when you meet the tail.

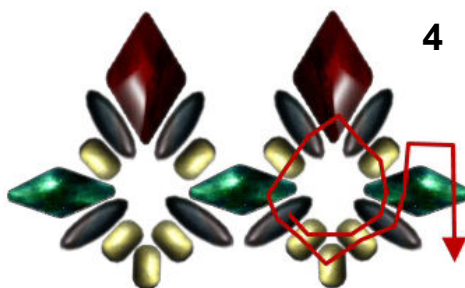

2. Go through the SD, O and the first SB11. Skip the next SB11. Go on through the next SB11, O and SD. Pop out the skipped bead and pull the beads tight. Continue around through the SB11, O, DD, O, SB11, SD, O, three SB11, O and SD. Pull the beads tight. Go through the other hole of the SD that you just exited.

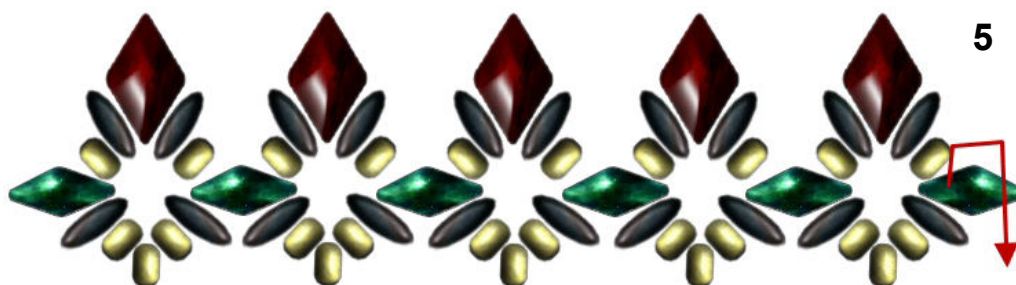

3. Pick up O + three SB11 + O + SD + SB11 + O + DD + O + SB11. Go back around through the SD that you just exited.

4 Go on through the O and the first SB11. Skip the next SB11. Go on through the next SB11, O and SD. Pop out the skipped bead and pull the beads tight. Continue around through the next SB11, O, DD, O, SB11, SD, O, three SB11, O and SD. Pull the beads tight. Go through the other hole of the SD that you just exited.

5. Repeat Steps 3-4 for the length of the bracelet minus about 1 1/4 inches for the clasp loops and clasp.

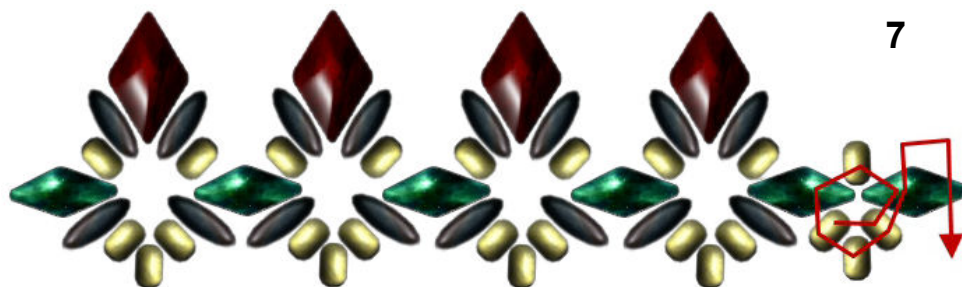

### MAKING THE FIRST CLASP LOOP

6. Pick up three SB11 + SD + SB11. Go back around through the SD that you just exited.

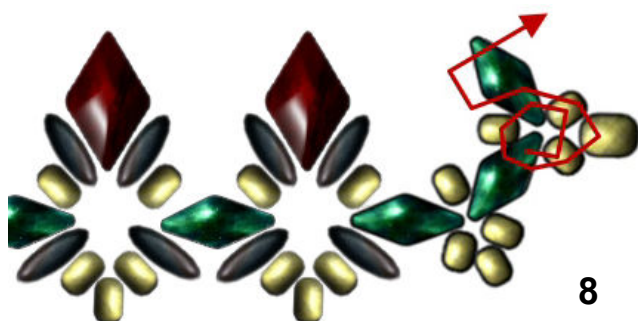

7 Go through the first SB11. Skip the next SB11 and go through the next SB11, SD, SB11 and SD. Pop out the skipped bead and pull the beads tight. Go on through the three SB11 and the SD. Pull the beads tight. Exit through the other hole of the SD.

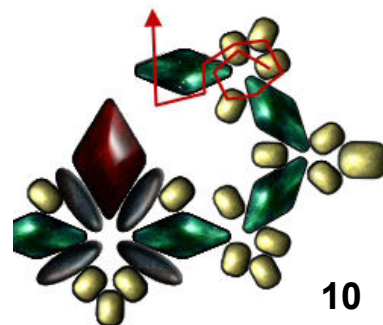

8. Pick up SB11 + SB8 + SB11 + SD + SB11. Go back around and through the SD that you just exited. Go through the first SB11. Skip the SB8 and go through the next SB11 and SD. Pop out the SB8 and pull the beads tight. Go on through the next SB11, SD and SB11. Skip the SB8 again and go on through the SB11, SD, SB11, SD, SB11, SB8, SB11 and SD. Pull the beads tight. Exit through the other hole of the SD.

9. Pick up three SB11 + SD + SB11. Go back around and through the SD that you just exited.

10. Go through the first SB11. Skip the next SB11 and go through the next SB11, SD, SB11 and SD. Pop out the skipped bead and pull the beads tight. Go on through the three SB11 and the SD. Pull the beads tight. Exit through the other hole of the SD.

14. Repeat Steps 11-13 for the length of the bracelet.

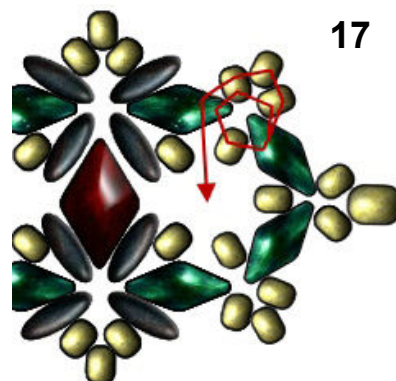

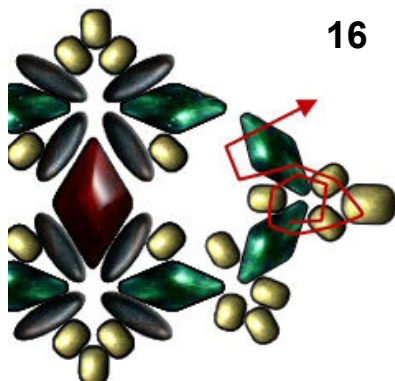

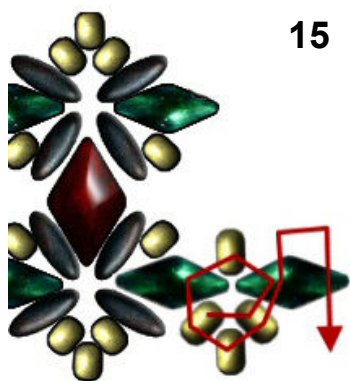

## ADDING THE SECOND CLASP LOOP

15. Pick up three SB11 + SD + SB11. Go back around through the SD that you just exited. Go through the first SB11. Skip the next SB11 and go through the next SB11, SD, SB11 and SD. Pop out the skipped bead and pull the beads tight. Go on through the three SB11 and the SD. Pull the beads tight. Exit through the other hole of the SD.

16. Pick up SB11 + SB8 + SB11 + SD + SB11. Go back around and through the SD that you just exited. Go through the first SB11. Skip the SB8 and go through the next SB11 and SD. Pop out the SB8 and pull the beads tight. Go on through the next SB11, SD and SB11. Skip the SB8 again and go on through the SB11, SD, SB11, SD, SB11, SB8, SB11 and SD. Pull the beads tight. Exit through the other hole of the SD.

17. Pick up three SB11. Go in through the open hole of the last SD on the other side of the bracelet. Pick up SB11 and go through the SD that you started from at the beginning of this step. Go through the first SB11. Skip the next SB11. Go through the last SB11 and SD. Pop Out the skipped bead and pull the beads tight. Go on around through the SB11, SD, three SB11 and SD. Pull the beads tight.

18. Weave in the working and tail threads. Attach your clasp with jump rings through the SB8's on the ends.
